Aspects Price Promise

Aspects have a Passion – we are not just another business, and we won't be beaten!

We have a culture in a desire to provide "Best Value for Money" with a given commitment in "Total Quality Service" where our "Professional Touch", in that "Every Little Detail Matters" gives our customers, our Business Partners, "Total Satisfaction".

That is not say of course we will always get it right every time, and on occasion it may be that our high standards, have made it a little more difficult to be as competitive as we like, first time around.

We do however want you experience and enjoy dealing with us like our other customers do. We would like to welcome you as new clients to our portfolio.

If therefore, you like our business philosophy but have an alternative price competitive offer; for the identical product, with the identical service and terms, we will apply our **Price Match Policy**, or better in order to secure your order so that we can demonstrate our claims, hopefully convince you to become a regular customer and start to build a relationship of mutual trust and understanding that will save you time and money.

The only terms applied are that: -

- **We are able to verify the offer** (you may be requested to provide documentary evidence)
- **It is an exact product match**
- **The product is readily available from stock**
- **The offer is not the subject of special sale or promotion offer**

In order to be sure we are competing on a like for like basis.

We look forward to welcoming you

Aspects – 1st for Personalised Solutions
